Lowest Bid for Hospital by Washington Firm.

FIGURE EXCEEDS \$66,000

Joseph Clark, Wife Slayer, Is Taken to the State Penitentiary to Begin His Life Term.

Special Correspondence of The Star.
ALEXANDRIA, Va., June 16.—The lowest bid received for Alexandria's proposed new \$66,000 hospital was \$66,666, tendered by a firm of Washington contractors. The highest bid received was \$81,197.78. All bids with alternatives mentioned were referred to the architect, who was requested to report back to the building committee Thursday night. There were twelve bidders, including local and Washington contractors. The bids were opened last night in the rooms of the chamber of commerce by the building committee, representing the board of trustees of the Alexandria Hospital, in the presence of Waddy B. Wood, architect for the hospital, of Washington.

The finance committee of the building fund was instructed to begin immediately a collection campaign to make available the pledges received from citizens during the campaign of May, 1914.

Approximately \$41,000 has been pledged for the hospital. The work of collecting all the pledges will now be pushed vigorously. The proposed hospital will be erected at Duke and Washington streets, the site being recently donated to the hospital by Edward L. Daingerfield.

Telephone Tolls Are Modified.

The board of supervisors of Alexandria county has just secured a modification of toll charges for telephone service to certain points in Alexandria county. Where the charge is now 10 cents for a three-minute talk, under the new rates what is known as the two-number system will be put into effect. This means that any one making a call to any point in Alexandria served by the Rosslyn center office, embracing Clarendon, Alexandria county court house and other points, the person calling will call by number instead of securing a particular person.

If the number called answers, the charges will be only 3 cents, which will entitle the parties to a five-minute conversation. It is understood that the new rates will go into effect in the near future.

The board of supervisors was represented by Attorney G. Washington Lewis, this city, and Frank L. Ball, commonwealth attorney of Alexandria county, and they were assisted in their work by Edward Duncan, member of the board of supervisors of Jefferson district, Alexandria county.

We congratulate the people upon the high position which is now occupied by him among his associates and express the confident belief that by his future service and career he will justify the confidence and trust that has been reposed in him by the people of the eighth congressional district, and we heartily commend him to the people of this district as a public servant who has in every way demonstrated himself to be worthy of the continued confidence and confidence."
